

## **BRENT F. STRONG**

7931 North Cedar Pass Road  
Eagle Mountain, Utah 84005

I Have Been a member of the MFTHBA for over 28 years and currently serving on the board as the region 2 representative. I raised, trained and sold horses most of my life with the last 28 years focusing on Missouri Fox Trotters. I am currently on the MFTHBA board as the region 2 Representative and served as the Versatility Chair. During this time, I have been part of the Show management of multiple shows including the Celebration. I was also involved in creating the Great Western Trail Circuit in Region 2 which includes 4 national trail rides. I served on the UFTHBA Board as the President and Member of the Board. During that this time I have been part of Show Management for Great Western Celebration, Utah Grand and assisted with other shows in the region. I love the outdoors, Fishing Hunting and Packing. I have had multiple position in other non-profit organizations.

I Believe that the MFTHBA is facing some very difficult challenges going forward and would like to use my training and experience to help us enjoy and grow our breed of horses.

### ***Professional Profile***

More than 10 years in Sales and marketing working with large Corporations, Small Companies, Educational Facilities and Government.

More than 35 years in manufacturing, most of it in supervisory, engineering and management positions in a career marked by continued assignments of troubleshooting and efficiency improvement.

My management skills are based on a background of hands-on experience as a senior manager, project engineer, product design engineer, manufacturing engineer, mold designer, mold-maker, and literally thousands of hours of training of a variety of individuals in both manufacturing crafts and management techniques. It is a background that has given me unusual flexibility as a manager.

I own and operate a farm called Sage Hill Ranch where we breed, raise, train and sale Fox trotters. We also Board and transport Horses.
