

Hi, my name is Garry DeVore. Most of you know me as a DQP which I have been for 8 years. I have been a life member of the MFTHBA , along with most of my family, for many years. I have raised, owned, and shown MFT for most of my life. I believe in the breed itself as a versatile horse.

I would like your support to bring our breed back to its former appreciation several years ago (show attendance, State representation, versatility awareness etc.). I would like to have the opportunity to represent breeders and members from my area to continue to promote the breed into the future.

Being a member of various other boards currently and in the past (Farm Bureau President: 4 years, Farm Bureau Agricultural Advisory Council: 3 years, University Extension Council: 2 years, Douglas County Fair Board President: 3years, FFA Booster Club Secretary/Treasurer: current) I feel I would be a strong and informed representative for our area. I have always prided myself in listening to the members of my constituency and making the best decisions for those members.

Two years ago, I was blessed to be married on the fox trotter grounds. I have dedicated many hours to the grounds, working on various projects from barns to repairing the water truck. My proximity enables me to respond to issues that come up on site at a moment's notice.

I appreciate your anticipated support, and I look forward to working with you and for you in the coming years.
