MFTHBA Bylaw & Rule Modification Form

Proposed Change ☑ Modification ☐ Deletion ☐ New

This change applies to the following rule:
*Please include the page number, section and full text of rule you wish to modify or delete.

page 47 500 2 B 4

A judge shall not attend a show, exhibitor's party or other activity directly connected with a show on the day previous to the show at which he/she is officiating. This rule does not prohibit a judge from observing classes in divisions other than the division they are hired to judge (i.e., a person judging performance classes is not prohibited from attending and observing versatility classes).

Provide the exact wording for the proposed new or modified rule:

A judge shall not attend a show, exhibitor's party or other activity directly connected with a show on the day previous to the show at which he/she is officiating. EXCEPTION: This rule does not apply when the Pool System is used at the MFTHBA National Shows. This rule does not prohibit a judge from observing classes in divisions other than the division they are hired to judge (i.e., a person judging performance classes is not prohibited from attending and observing versatility classes).

In the space below, please provide justification for the change.
Justification must include discussion regarding the problem to be addressed with the change, potential impact to other portions of the rule book, and why the proposed change is the best solution to address the problem. If necessary utilize a separate page for additional information.

Since judges are drawn on the day of the session to be judged, there is no way for a judge to know if they are allowed to attend or participate in events the previous day.
